RE: Docket 99P-0033/CP 1

Dear Ms. Henney:

I am writing to you in the sincere hope that you will act on the Humane Farming Association's petition to put an end to the practice of feeding dead pigs, horses and other animals to other farm animals. Cows, for instance, are not meat eaters by nature and shouldn't be forced to eat dead animals, they are now basically canibals.

I am sure you are aware that this practice, as grotesque as it is, is so unnatural that it has been blamed on the outbreaks of "Mad Cow Disease".

There seems to be nothing that your administration will not do to make more money. There seems to be no scruples at all, no human sense of right, wrong or decency.

For all the people who care and cannot end this vile practice, please help to make a difference.

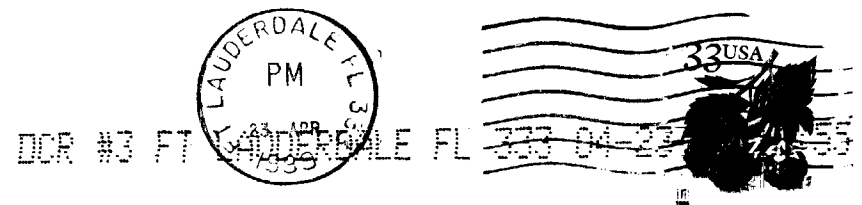

Sincerely,

  
Linda C. Cherp
